

ECN350 2019 Second Workshop/Conference

Program

Dates: 8-9 May, 2019

The Draft Papers are located in a separate Module under the course in Canvas. Find and download the papers you are set up to comment on. Provide hard copies of your written comments when you present your comments, one for the teacher and one for the author(s). Come early to ensure we spend minimum time uploading/accessing powerpoints. I will create a folder with all the Powerpoints to save time during presentations. You need to send me the Powerpoints by 08:00 the day of your presentation. Papers with two authors also get two commentators and five minutes extra. The program is tight. You only have 15 minutes for your presentations. You will not be given extra time. We need to stick strictly to the time schedule.

Location: T201, Tower Building, NMBU

Time	Presenter & Title of Paper	Commentator
